### Breakdown

#### **“Formation of the Venous Sinus” Human Visualization Project**

Modeling, textures

#### **“Artery Termination in the Red Pulp” Human Visualization Project**

Particle and dynamics, compositing

#### **“Virus Invasion”**

Animation, soft body dynamics

#### **“Bloodflow in Venous Sinus” Human Visualization Project**

Modeling, animation, particles and dynamics

#### **“Allergic Reaction” Biodigital Systems**

Light effects, procedural textures and animation

#### **“Nerve Impulses” Biodigital Systems**

Procedural textures and animation

#### **“Nerve Damage” Biodigital Systems**

Procedural textures and animation

#### **“Brain Signals” Biodigital Systems**

textures, animation

#### **“Ribcage”**

modeling

#### **“Diapedesis”**

textures, models, animation

**Music by MarkySpark**
